## Pride Family Brands adds pedestal table base

**Detailed, handcrafted design makes for elegant outdoor dining and seating ease**

Pride Family Brands, designers of luxury handcrafted aluminum casual furniture, is raising the bar once again with the addition of an elegant pedestal table base for its outdoor dining collections.

Hollywood, FL — "We saw a need for a pedestal base that would accommodate greater seating options while offering another canvas for our designers," said Jamie Lowsky, CEO, Pride Family Brands.

"Decorative motifs can now not only be an option for the table top, but for the base as well."

Featuring a traditional urn-like design and scrolled feet, the pedestal base is unlike anything on the market today and complements Pride Family Brands' traditional, transitional or old world table top designs. A single pedestal application is available for round tabletops 48" or 54" with double pedestals available for lengths of 108".

"This pedestal table base captures the elegance in outdoor theme for which Pride Family Brands has long been a leader," said Rory Rehmer, vice president of sales and marketing for Pride Family Brands. "Our customers come to us for the looks that make a statement and this table base certainly is that."

All introductions will be available in specialty retailers for spring of 2011. For more information, visit [www.pridefamilybrands.com](http://www.pridefamilybrands.com) or contact 954-735-9800
